The first demonstration of our strength and principles will take place Thanksgiving Night, Thursday, November 30, in the form of local Memorial Meetings to the Friends of Freedom, particularly William Lloyd Garrison and Albion W. Tourgee. On that night we want to hold at least 50 meetings throughout the United States under the auspices of the Niagara Movement, but not confined to them either in speakers or audience. The object of the meeting is two-fold: first, to expound Niagara principles; second, to remind our people that we have friends who have given their lives and strength to the cause of our uplift, and whose memories we can best honor by continuing the battle which they began.

Let the keynote of the meeting be thanksgiving and inspiration. The meeting should be held in the largest local church. Can such a meeting be arranged in your community? Write me.

I have copies of the platform, constitution and "What is the Niagara Movement?" for distribution. Would you like some?

Whenever you see anything for or against the Negro in any of your strong local white papers please clip it and send it to me.

The Niagara Movement is now represented in 23 states and has about 75 members.

An immediate acknowledgement of this letter will be a great help.

Fraternally yours,

Membership letter No. 2,
