Your committee appointed to determine whether the principles of the N. M. have been violated in any way during the past year, make the following recommendations as its report:

That in the future all questions of policy in regard to methods of carrying on the work of the N. M. in the several states or in raising funds for its support, or on any matter which in any way involves the N. M.--whether state or national--whether by reason of anything done in the name of N. M. or whether by reason of any act the effect of which is to make the N. M. responsible, shall be decided by the majority vote of the members of the state branch affected.

C. H. Waller,
E. H. M. Murray,
J. Hilton Waldron,
Jumee Burgardt,
George W. Mitchell.

Your committee appointed to investigate as to whether any persons have been received into the N. M. contrary to the constitution offer as its report the following recommendations:

That in the future all persons received into the Movement as members shall be received in strict compliance with article 10 of the constitution as amended at the last annual meeting; that said article 10 be construed to mean that no person shall be considered a member of the N. M. in the future, until his name has been submitted to the state branch of the state in which said person resides, and accepted by a majority vote of the members of such branch, nor until his election shall have been approved by the executive committee.

We further recommend that in view of the unhappy conditions existing in the Massachusetts branch that the General Secretary, in making the appointments of state secretaries for the ensuing year, be requested to appoint for the state of Massachusetts a secretary who, as far as possible, is free from factional entanglements.

George W. Crawford,
Hutcheson E. Bishop,
W. Justin Carter.
