Dear Doctor,

GildSeyve.

Regarding the proposed conference of limita-
during holidays - I am in a quandary. I do not see how I can afford to go to Cleveland or indeed anywhere - yet I am no doubt in a measure the cause of the supposed necessity. Meghee actually urges it: Newhaw?

So I vote "yes," but do not promise to go - but only hope to. Newhaw suggests Chelan. It would be cheaper as a whole - but hard on far Westerners.

Yours truly,

J. H. M. Van Uyt.
