ABSTRACT

The collection includes twenty six of an original thirty eight photographs depicting ice storm damage to power lines in the Pittsfield District (Windsor, Middlefield, Washington Mountain to Becket) resulting from the storm in December 1942. The collection also includes a cover letter pertaining to photos (not included) documenting a similar situation in Northampton, affecting the New England Power Service Co.

BACKGROUND

CONTENTS OF COLLECTION
The collection includes twenty six of an original thirty eight photographs depicting ice storm damage to power lines in the Pittsfield District (Windsor, Middlefield, Washington Mountain to Becket) resulting from the ice storm of December 1942. The photographs appear to have been taken by the New England Telephone and Telegraph Company to analyze the damage to its poles and wires, and each image is stamped on the verso by Frank R. Camp, District Safety Instructor. The collection also includes a cover letter from the New England Power Service Co. conveying photographs (not present) documenting damage in Northampton.
Provenance
Acquired from Lawrence Holmes, Shade Tree Lab, in the Malcolm McKenzie Papers, 1991

Processing Information
Processed by Linda Seidman, 1991.

Acknowledgments
Encoding funded by the Andrew W. Mellon Foundation.
